

CITY OF LEEDS

FALL BAGGED LEAF COLLECTION

2016

Beginning November 1, the City of Leeds will begin its annual fall collection of **bagged leaves**.

As in our neighboring cities, we will no longer offer loose leaf collection. The fact that our equipment has reached an end to its useful life and with the escalating cost of labor required to support this service makes loose leaf collection an unsustainable service. Additionally, new environmental regulations from EPA and ADEM related to water quality are yet another reason as to why we must end loose leaf collection

The City provides bagged leaf pickup service to its citizens to prevent flooding, protect water quality, and to keep our neighborhood roads safe for motorists and pedestrians.

Please do not place your bagged leaves into the street or gutter!

BAGGED LEAVES **ONLY**

There will be no loose leaf pick up this season, all leaves must be bagged.

Collection to be done in accordance with leaf collection schedule.

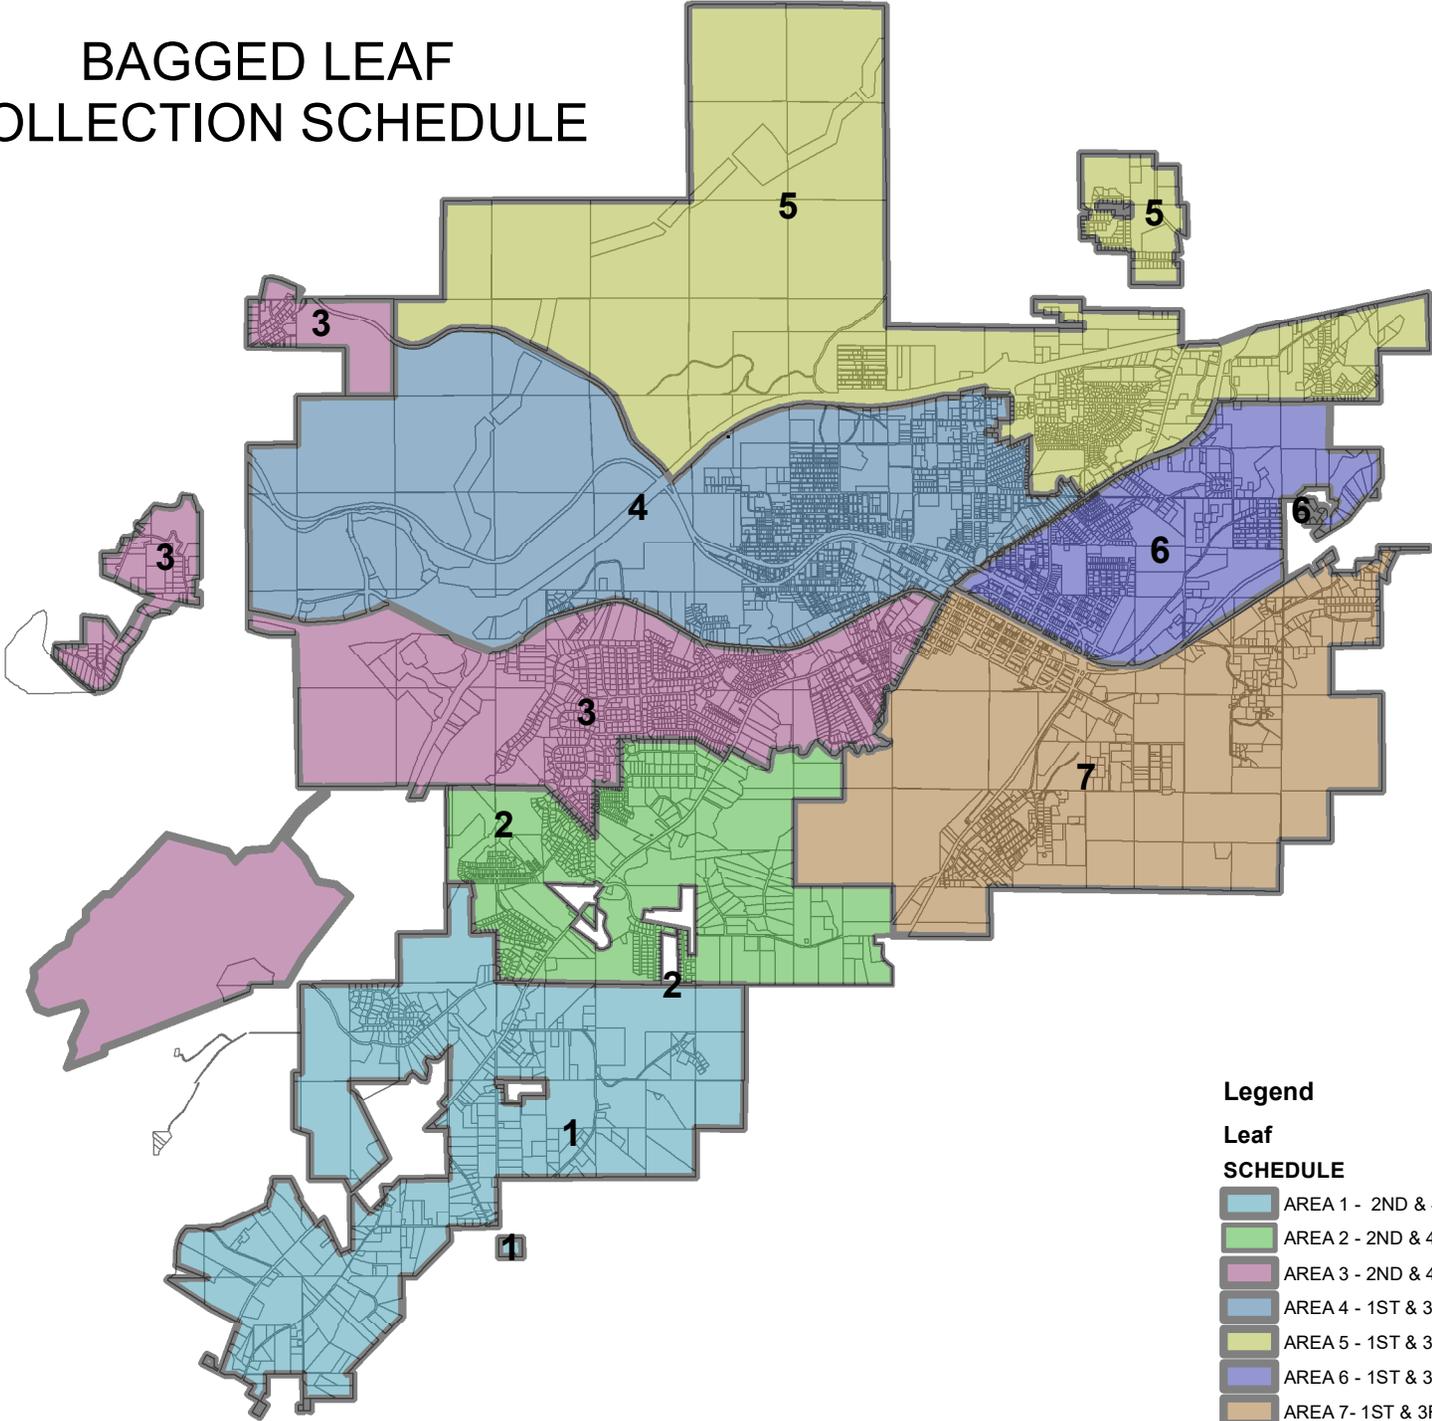

Bagged leaves should be placed behind the curb (not in the street) no later than 6AM on the day of your scheduled pick up.
