

# City of Leeds, Alabama

## SIDEWALK CLOSURE NOTICE

Beginning April 25, 2016 - Ending May 31, 2016

The final stage of the Transportation Alternatives Program (TAP) Grant (provided by the Alabama Department of Transportation) project will soon begin in the downtown area. This phase of the project involves the repair certain sidewalk segments – those segments which State Inspectors have found that do not comply with American with Disabilities Act - in the project area. While this work should progress quickly, there may be intermittent closures of the sidewalk network lasting for several days.

The City of Leeds appreciates your cooperation and understanding during this time.
